The International Baccalaureate (IB) program continues to grow in Indiana. As a unique and outstanding educational curriculum, it includes all levels of K-12 education: the Diploma Program (DP) for high school students, the Middle Years Program (MYP) and the Primary Years Program (PYP), offered in a worldwide network of schools.

The Indiana Association of International Baccalaureate World Schools (HIBS) was officially established within just the past year and includes all schools that offer IB as well as schools in the authorization process.

An IB Orientation will be held at Ben Davis University High School in Indianapolis on September 29, 2009 for any of the following potential participants:

- Faculty, staff, parents, and board members whose schools are exploring IB
- Faculty, staff, parents, and board members of IB applicant schools
- Faculty and staff who are new to the IB program at existing IB schools
- Anyone else who would like to learn more about IB
